VANNPAX 1002 MANUAL CARTONER™

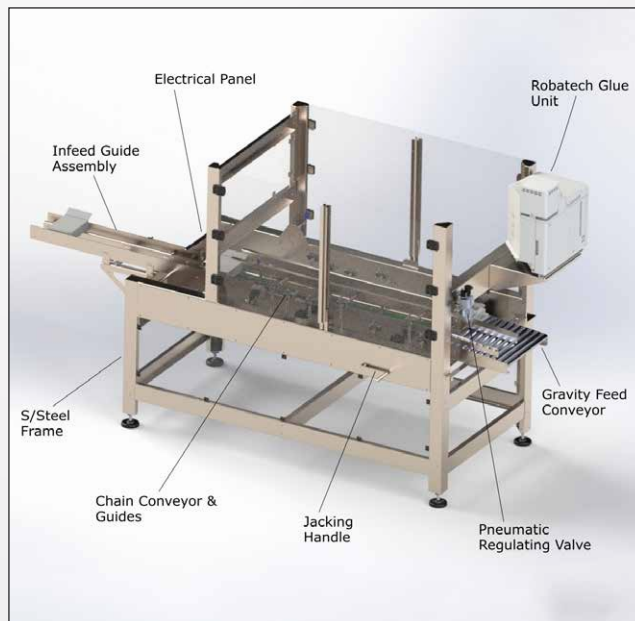

Introducing the new VANNPAX 1002 Manual Cartoner™

Optimise your production line with this economical manual loading cartoner with automatic gluing and closing.

MECHANICAL INITIATION

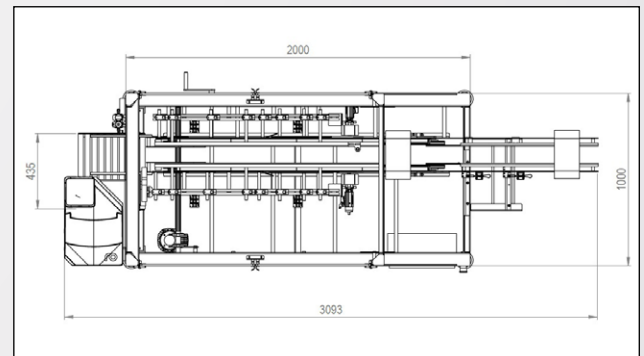

HOW DOES THE NEW VANNPAX 1002 MANUAL CARTONER™ WORK?

The product is manually loaded into the carton, placed into the 1002 Manual Cartoner™ and then automatically glued and closed.

HOW DOES THE NEW VANNPAX 1002 MANUAL CARTONER™ HELP YOU?

- Optimised glue-saving with a patterned control from a Robatech gluing unit
- Time-saving on change-overs – no tools or change parts required
- Machine can be equipped with castor wheels for movability
- Low maintenance with minimum qualification required
- Simple operation procedure
- No pneumatic parts except for Robatech air supply to operate pump and glue guns
